Policy

It is the policy of Big Bend Community Based Care, Inc. (BBCBC), to provide services to children and families through the CMOs and parent needs assistance (PNA) referral from DCF. A parent needs assistance referral is accepted by the DCF Hotline when a parent or legal custodian is in need of services or supervision and there are no allegations of abuse, neglect, or abandonment. The calls are intended to prompt a response to prevent or ameliorate a potential future threat of harm to a child.

Procedure

- A.** The parent needs assistance (PNA) referral will be sent from the local DCF intake counselor to the designated CMO staff. If a PNA is received and cannot be commenced by the CMO within the assigned timeframe due to business hours, the on-call CPI will commence the case. The CPI will transfer the investigation to the DCM the next business day.
- B.** The response time will be assigned by the hotline and the decision should be based on whether the circumstances warrant a prompt response.
- C.** The assigned DCM will review the report and determine, in consultation with the DCM Supervisor, whether the report will require face to face contact with the family or telephonic contact. The supervisor should review the nature and severity of the family's request and whether assistance can be provided over the phone. The decision and justification for the decision must be documented in FSFN.
- D.** The CMO will refer the family for appropriate voluntary community services based on the family's needs.
- E.** A supervisory review of the FSFN case and service provision will be documented prior to case closure.
- F.** If during the course of service provision information is gathered indicating abuse, abandonment or neglect, the CMO designated staff will immediately report the allegations to the hotline. When allegations are reported to the hotline, the CMO designated staff will notify their Program Manager of the report.
- G.** The PNA will be submitted for closure in FSFN within sixty (60) days from receipt of the intake.
- H.** The DCM Supervisors and Program Managers will monitor reports available in FSFN for timely closure of PNAs, and the number of families being served.
